

Edi Expense- simple & safe

Edi is your expense tool for easy expense capture and reporting. Scan the receipt, save it, and Edi takes care of the rest - from compliance checks to automatic expense approval. Whether on the road or in the office.

Why Edi?

- Data storage in Switzerland
- Automatic application of the expense regulations
- Audit-proof archiving of VAT
- Fast turnaround processes
- Excellent support during and after the project

Edi makes employees happier

"With Edi, we can now not only process cash expenses easily and quickly, but also credit card expenses. The digital expense process thus enables us to work more efficiently and transparently - a win-win for all of us."

- Hawle Armaturen AG

Benefit from partnerships

Whether payment by Viseca credit card or mileage recording with autoSense. Benefit from the growing network and from innovative and integrable applications and services.

Integration into your system landscape

Edi can be easily and straightforwardly integrated into your corporate landscape. This ensures flawless data synchronization and a seamless end-to-end process.

**swiss made
software**

This is how it works

1

Capture

After purchase with credit card, photograph receipt and scan into Edi.

2

Match

Your credit card transaction is transmitted in real time in Edi & merged with the receipt.

3

Submit

Now you can submit the expenses for approval.

Your benefits with Visa

Your Visa credit cards are automatically linked to Edi: So your business expenses are visible and manageable in real time in the expense tool.

Special conditions for Visa customers

- As a Visa customer, you benefit from exclusive preferential conditions on the expenses tool Edi
- All information on the packages and prices as well as further information on the Edi expense tool can be found at visa.ch/edi

3 simple onboarding steps

- Contact HR Campus directly or through your bank advisor
- HR Campus advises you on the best solution and concludes the contract with you
- With your consent, Visa will automatically connect your credit cards to Edi
